Tell me about yourself? (what you like doing outside of work etc.) Outside of work I enjoy watching TV series, Harry Potter and animals.

What made you seek an apprenticeship? I decided to apply for an apprenticeship as I felt it would be a good way to gain experience whilst gaining a qualification which would help with future career prospects.

What do you like about working for Jacksons? I enjoy the friendly members of staff and the relationships I have built throughout Jacksons. I enjoy meeting and getting to know clients who are purchasing a property.

What is your greatest achievement at Jacksons? At Jacksons my greatest achievement has been submitting all my apprenticeship work, as I am coming towards the end all coursework has now been submitted and after 18 months this feels like a great achievement.

What do you hope to get out of your apprenticeship? Out of my apprenticeship I hope to get knowledge and confidence to move forward, as well as a qualification which will help me with any future career prospects.

What advice would you give to potential apprentices about joining the world of work? I would advise an apprentice to just keep trying. When I first started at Jacksons I really struggled as it was completely new and I felt like I would never understand it, and although there are always new tasks to learn I am comfortable with my work and I can do it.

Would you recommend the apprentice route to others? I would recommend the apprenticeship route to others.

If you could travel anywhere in the world where would you go? If I could travel to anywhere in the world I would visit Canada or New Zealand.

What is your favourite colour and why? My favourite colour depends on my mood, and what the colour is been used for!

If you had to choose your favourite meal what would it be? Carbs! I love anything with carbs whether it is bread, pizza, pasta or potato!

What luxury could you not live without? I couldn't live without a TV!
